The Crescents – featuring Chiyo (a female surf guitarist)

863	Crescents	*Pink Domino/Breakout*	*Era 3116 (US)*	*1963*

1. Heavy guitar instrumental not surf to me, but rock - 2: Wild organ instrumental!
On labels: Featuring CHIYO – the only(?) female surf guitar player. The original release on the label Breakout BBM 4 was credited to CHIYO and The Crescents and had another guitar instrumental on the b-side (Devil Surf). When released on ERA they substituted the b-side with the wild organ instrumental. It could easily be Leon!
